Rules

Everybody in a league will play each other over 1 leg. The winner will gain 1 point.

The winner of each group will move directly into the semi final.

If pairs are equal on points, then the 'score left' difference shall decide who finishes highest. 'score left' difference is simple. If you win your leg and your opponents are still on 150, your 'score left' difference is +150. If you lose your leg and you are still on 150, your 'score left' difference is -150.

The 2nd placed pair from League I will play the 3rd placed pair in League II and the 3rd placed pair in League I will play the 2nd placed pair in League II in two playoffs. The winner's of each playoff will join the group winners in the semi finals. The playoff's are over 1 leg.
